Dear families of CSCA,

Over the next two weeks our school will be partnering with The Pulsera Project, a [fair trade](#) nonprofit organization that seeks to empower, inspire, and educate people in Central America and the U.S.

The Pulsera Project provides sustainable, well-paying work opportunities for artisans in Nicaragua and Guatemala, most of whom make colorful hand-woven bracelets, or "pulseras" in Spanish. The project then creates a market for their artwork by partnering with schools across the U.S.

Pulseras will be sold for \$7 here in our school, and the proceeds will be invested in a wide range of social impact programs in Nicaragua & Guatemala, including:

- *Sustained employment for nearly 200 artists
- *Secondary education programs
- *University scholarships for artisans and their families
- *Healthcare for artisans and their families
- *A housing program for artisans and their families
- *Environmental initiatives
- *Support for other social enterprises doing impactful work in these countries

We hope this will be a highlight of the school year as students engage with the beauty of Latin American culture while lending support to these skilled artisans and their communities!
